

How to get your test results

Knowing your results helps you and your doctor understand what's best for your health. Results are usually ready in 2-3 days but can take up to 10 days depending on the test that is ordered. ClearChoiceMD Staff will call to review your results with you as soon as Quest sends them to us. You can also access your results through Quest. Please see below.

1. Go to <https://myquest.questdiagnostics.com/> and create an account.
2. Download the free MyQuest app on Google Play or the Apple App Store.

After you have your results

It's important to discuss your results with your healthcare team. Together, you can decide what's best for your health. Please await a call from staff to review your results.

Quest does not charge a fee to use this app. However, your carrier's data and usage charges apply.
For Apple® iPhone, iPod Touch, iPad, Android™

You can now view MyQuest™ results in the Apple Health app. This allows you to easily and securely view your lab results in the same place as your other important health data. Available on iPhones running IOS 11.3 or later.
